A STAND FOR  
12% SUPERANNUATION**

**HOW YOU CAN  
MAKE A STAND  
ON SUPER  
AND ENSURE  
A MORE  
COMFORTABLE  
RETIREMENT.**

- 1** Sign the petition for more superannuation at [standupforsuper.com.au](http://standupforsuper.com.au)
- 2** Talk to your union about including more super in your next Collective Agreement.
- 3** Add a little more to your super by co-contributing – if you earn less than \$61,920 a year, the government could match up to \$1000 of your personal super contributions.
- 4** Be sure to maximise your super's investment returns by contributing to an industry super fund. They have low fees and are run only to benefit members.

\* Based on the gap between 9% and 12% superannuation for a 25 year old earning average full-time wages retiring at 65. For information on methodology and disclaimers go to [standupforsuper.com.au](http://standupforsuper.com.au)
